Test Cases

1. **Consultant can view list of their own**

Preconditions: Consultant is registered in the system and has appointments (past, upcoming, and today).

Steps:

1. Log in to the system as a valid consultant.
2. Navigate to the 'Consultant Dashboard'.
3. Locate the 'My Appointments' widget/section.

Expected Result: The dashboard displays a list of appointments, showing patient name, date, time, and status.

2. **Appointments are sorted by date/time**

Preconditions: Consultant has multiple appointments.

Steps:
